

Transforming Lives: Law and Social Process

Edited by

Pascoe Pleasence
Alexy Buck
Nigel J Balmer

This edited collection brings together a selection of papers originally presented at the LSRC's tenth anniversary research conference in Belfast in the Spring of 2006. The papers are drawn from three continents. They provide a valuable insight into how people experience the law, the extent of impact of legal problems, the reasons people sometimes take no action to resolve problems, methods of service delivery, the integration of legal and health services and forms of funding legal services.
